# Why 3% tax on every Buy or Sell ?

Every transaction fees will be divided to 4 different wallets which will be used to keep the market less fluctuating, constant liquidity, favours all the holders through lottery, dividends and more passive rewards. Plus, for every transaction, all the kittens will receive meowful reflection.

## Constant Liquidity

1% of every transaction goes to the liquidity so that liquidity is constantly increasing upon welcoming new kittens or dethroning betrayers.

## Guardian Kitty

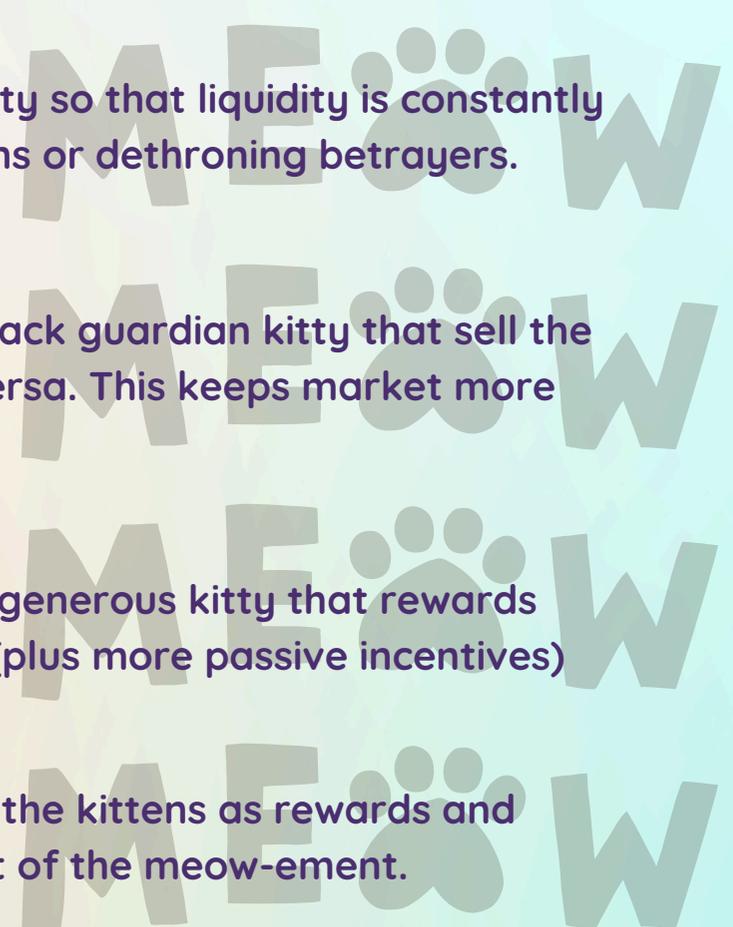

1% of every transaction goes to the BuyBack guardian kitty that sell the token if the price is on the rise & vice versa. This keeps market more stable.

## Favour

0.5% of every transaction goes to the generous kitty that rewards kittens 6% dividend, paid every month. (plus more passive incentives)

## Relection

0.5% of every transaction goes to all the kittens as rewards and generous passive for being part of the meow-ement.
